PANZERS HURLED BACK AS BLIZZARD SWEEPS SOVIET FRONT

Red Armies Report Germans Retreating in Key Sectors; Desert Forces are Stalled

By the Associated Press

Russia's Ukraine armies, pressing triumphant "counter blitzkrieg," were reported today to have advanced into the suburbs of Taganrog, 40 miles west of Rostov-on-Don, and driven the Germans out of 40 villages, while on the blizzard-swept Moscow front, other Soviet troops sent the Germans reeling back 12 to 24 miles.

A Soviet radio broadcast announced that "bloody battles were fought yesterday evening in the suburbs of Taganrog," and Soviet dispatches said the Nazis were in headlong flight.

A Reuters (British news agency) dispatch said the Germans had fallen back 36 miles in three days in the retreat from Rostov.

A Reuters (British news agency) dispatch from Kuliyshev said the Russians announced officially that German troops were abandoning Taganrog, 40 miles west of Rostov, and retreating toward Mariupol.

The news agency said the Germans had fallen back 36 miles in three days.

On the central front, the Nazis were apparently suffering further reverses.

Quoting latest advices from Moscow, the British radio said the Russians had sent the Panzer forces of Col. Gen. Heinz Guderian spinning in reverse.

A communique from Adolf Hitler's field headquarters claimed fresh gains in violent tank and infantry battles before Moscow, but the Russians said the Germans had been thrown back in two key sectors and generally painted a brightening picture of the two-month-old struggle for the capital.

In the Ukraine, Soviet dispatches said Red armies counter-marching back through the Donets river industrial basin, were finding the frozen bodies of Germans wrapped in flimsy blankets, huddled in roadside ditches, and that to save themselves from the bitter cold the Nazis were fighting with suicidal fury to hold villages where they could find warmth and shelter.

A London broadcast said Hitler had rushed Field Marshal Walther von Brauchitsch, commander-in-chief of the entire German army, to the Ukraine in an attempt to "stop the rout at all cost."

German armored reinforcements were reported hurrying along the Mariupol road to combat the Russian sweeping counter-offensive, which so far appeared to have hurled the Germans back more

than 75 miles from their farthest eastward thrust to the Novochevassk region, 35 miles beyond Rostov. According to Soviet reports, the Germans are falling back somewhere between Taganrog, 40 miles west of Rostov, and Mariupol.

Mariupol is 100 miles west of Rostov.

Soviet front-line dispatches said the battered German forces under Field Marshal Ewald von Kleist had lost more than 21,000 men killed and wounded in the running battle along the shores of the sea of Azov.

On the winter-bound central front, where the Germans asserted their troops were within sight of Moscow's towers, a bulletin from Hitler's headquarters said tanked Nazi infantry supported by dive-bombers cut fresh swaths through Soviet defense lines. It gave no details.

By contrast, the Russians said Gen. Gregory K. Zhukov's armies recaptured three villages, in the critical Moshaisk sector, 57 miles west of Moscow, and drove the Germans out of several settlements in the Stalino region, 120 miles southeast of the capital.

In the north, around long-battered Leningrad, the fighting continued.

Final Showdown in Pacific Believed Near

TERMS OF RAIL WAGE CONTRACT ARE ANNOUNCED

Members of Fourteen Non-Operating Unions Receive 80 Cents More a Day, While Operating Brotherhoods Win 76 Cents Increases

PACT IS RETROACTIVE

Washington, Dec. 3.—(P)—Around switch shanty stoves and the water coolers of general offices, the nation's railroad workers found plenty to talk about today, after a wage-raising agreement ended the threat of a general strike against the carriers.

President Roosevelt announced the terms late yesterday. The peace pact was worked out with the help of a presidentially-appointed board which brought the managements and the brotherhoods together after a sleepless weekend of conferences.

The 900,000 members of the 14 non-operating unions—clerks, telegraphers, roundhouse employees and the like—will receive 80 cents more a day.

The 350,000 members of the five operating brotherhoods—the men who actually run the trains—won increases of 76 cents a day.

The total additional cost to the carriers was estimated at \$300,000,000 to \$325,000,000 a year, or about one-third of the amount the employees originally asked.

In addition to those permanent increases, the workers were awarded retroactive wage boosts amounting to 7 1/2 per cent for the operating groups for the period from September 1 to December 1 of this year. On December 1 the permanent increases superseded the temporary percentage boosts.

Union spokesmen said the new average pay of non-operating employees would be 73 1/2 cents an hour. In the operating classifications, the 76 cents a day boost would be added to the old scales, which ranged upward from \$5.08 a day.

The non-operating groups won vacation concessions. Clerks and telegraphers will get 6, 9 and 12 days of vacation.

Federation Of the World Predicted By Ford As Result Of Present War

"All Barriers of Nationality Will Be Leveled and Peoples Will Live in Common—Peace and Prosperity" Manufacturer Says

SHOULD START NOW

BY DAVID J. WILKIE, Associated Press Automotive Editor

Detroit, Dec. 3.—Henry Ford said in an interview today that out of the war in Europe will come a federation of the world in which all barriers of nationality will be leveled and the people of the world live in common peace and prosperity.

"It will be a federation in which politics will be definitely discarded; one in which a universal currency, a universal economy and a universal market will prevail, he asserted.

Unless such a federation is established, the 78-year-old industrialist added, the present war will be only a dress rehearsal for another and more terrible conflict.

"The United States is a practical example of federation. We federated because it was the only way to save ourselves from ruin. Europe is finding she cannot live unfederated today," Ford said.

"If the United States puts its influence behind it, the same type of agreement can be arrived at in Europe. No country should be forced in, but every country soon would see the advantage to be gained by voluntarily coming in. They would need no armies and there would be no wars because nations would all be neighbors in the same federation. This in turn would lead to a universal currency and a universal economy and a developed industry that would have all the world for its market."

Ford said that every country that took part in the last war "asked for something and got it, except the United States."

"We are not asking for anything this time. We lend and lease materials, men and ships without thought of repayment. But I

SIXTY ARE BEING TRIED FOR PLOT TO KILL IL DUCE

Revolt In Northeast Corner Of Italy, Annexed To Austria After World War, Aim Of Conspirators, State Contends

ESPIONAGE CHARGED

Rome, Dec. 3.—(P)—A vast revolutionary plot which included a before-the-war assassination attempt against Premier Mussolini is charged to 60 persons on trial before a Fascist court at Trieste today.

The 60, including students, were declared officially to be members of an anti-Fascist terrorist band of 71. The other 11 defendants were reported missing, presumably fugitives abroad.

A revolt in the northeast corner of the country, annexed to Austria after the World War, was the aim of the conspirators, the state contended. Prosecutors said Communists dreamed of a Soviet republic that would embrace the Slavic regions of Italy, Austria, Croatia and Yugoslavia.

The state said it had "definite and material proof" of espionage, three powder factory explosions, blowing up of railroad tracks, an attempt to dynamite a bridge, slaying of a couple and an attempt to kill Premier Mussolini while he was visiting Caporetto in 1938.

Mussolini's escape from death at Caporetto was declared by Fascists to have been miraculous, but exact details of the incident were not disclosed. There have been eight other announced attempts to kill the premier since he became head of the Italian government in 1922.

HUGE NEW FUND FOR DEFENSE

Total Of \$8,243,839,031 Appropriation, Including Lend-Lease Finances for Vast Increase In Production Of Tanks and Guns For Britain and Russia, Approved By House Committee Today

AMOUNT AUTHORIZED OVER \$67,000,000,000

Washington, Dec. 3.—(P)—An additional \$8,243,839,031 appropriation—almost entirely for defense but including lend-lease funds for a vast increase in production of tanks and guns for Britain and Russia—was approved today by the house appropriations committee.

The huge new outlay would bring the total of cash and contract authorizations provided for defense since July 1, 1940, to the staggering sum of \$67,990,254,096.

In recommending the new expenditure, the committee turned down a request by the war department for broader leeway in transferring to other countries on a lend-lease basis, equipment purchased for the army with funds appropriated since last March 11, the date of enactment of the lend-lease act.

Instead, the committee recommended a \$1,556,496,246 increase in the \$12,985,000,000 already appropriated for the lend-lease program and proposed that the army be authorized to transfer as much as \$500,000,000 worth of additional equipment if the military situation warranted it.

Both funds would provide tanks, anti-aircraft material, anti-tank weapons and artillery combat vehicles, small arms and ammunition, the committee said, and Gen. George C. Marshall, army chief of staff, declared their production in large quantities was essential if the necessary superiority of force is to be obtained over the Axis powers.

Although only \$78,000,000 of the bill's total was earmarked specifically for Russian requirements, Marshall declared that as long as the war continued, the bill would be necessary.

LUTHER LEAGUE MEMBERS ENJOY DINNER - EVENTS

Nearly 100 young people of the First and St. Paul's Lutheran churches were entertained in the former church last evening at the invitation of the Luther League. Dinner was served by the Dorcas Class and was followed by a program conducted by Rachel Brian, president of the First Lutheran League.

Following group singing, Ruth Satterlund offered a vocal solo, with accompaniment played by Ruth Simonsen. The greeting to members and guests was extended by Miss Brian, with Elmer Bloom, St. Paul's League president, responding.

Informal remarks by Rev. Carl Gronquist, of Sheffield, preceded a very fine address by Rev. Bertil Edquist, pastor of St. Paul's. The program was concluded with showing of pictures of a pleasant western trip, presented by Mrs. William E. Yeager and son, William, Jr.

OIL CITY MAN HURT IN TRAIN ACCIDENT TODAY

Daniel J. Wring, of Oil City, 62-year-old brakeman on the Pennsylvania Railroad's combination passenger and freight train running from Oil City to Olean, N. Y., was seriously injured this morning in an accident at Tionesta.

Wring, who is well known in Warren, slipped or fell under the wheels of the train as he swung down to the ground to give the train engineer a signal. Both legs were amputated, one at the ankle and one at the knee. His left hand was mangled and his head bruised.

The injured man was taken to an Oil City hospital. He had been employed by the railroad for 33 years.

The combination train, scheduled to arrive here about seven o'clock, was about three and one-half hours late today because of the accident.

Public Hearings Are Denounced by Labor Chief

(From Page One)
public," during the investigation. Reuben E. Cohen (D-Phila.), a member of the committee accused Hines of clamping a censorship over the entire department.

"There's no one going to get up here and sabotage this department," Hines said. "It's my duty as responsible head to turn over to you the facts but first I want a chance to analyze them."

Asked whether he would refuse to allow division heads to answer questions, Hines replied:

"Without first consulting me—certainly, positively."

Senator John H. Dent, (D-Westmoreland) chairman of the committee, clashed frequently with Hines and finally remarked: "We're not getting any where fast. I can see that."

Engineer Meets a Hero's Death

The annual production of brick by the more than 500 United States brick manufacturers reporting to the Census Bureau would build a double brick wall two thousand miles long and ten feet high.

Railroad men said the wheels of the derailed locomotive were spinning in reverse. They theorized O'Connor had missed a warning signal because of fog, then threw the locomotive into reverse when he first sensed danger. They said the most disastrous accident might have occurred had not the engine been reversed.

The train consisted of two Diesel units and 13 coaches of which six were derailed automatically when the train ran past a block signal.

Blue eyes and black eyes have the same pigment. In blue eyes, however, the pigment is deposited less densely.

Details of the Kierny Sinking Are Explained

(From Page One)
Admiral Stark said that, in line with the directions laid down by President Roosevelt in his radio address of September 11, the navy was co-operating with other powers in protecting merchant shipping in American defense waters.

"Do American naval vessels now escort merchant ships to their final destinations?" Walsh asked.

"Since a categorical reply or a discussion on this might jeopardize the safety of a great many ships, no answer can be given," was Stark's answer.

The chief of naval operations said the Kierny, which limped safely to port despite torpedo hit amidships which almost tore her apart, had dropped depth charges in an engagement which lasted two hours and 53 minutes before she was struck.

"Was the submarine which torpedoed the Kierny fired upon? If so, by whom and is it probable that the submarine was sunk or damaged?" Walsh asked.

"In accordance with the announced policy of the navy department," Admiral Stark replied, "questions of this nature will not be answered."

At The Theatres

JOHN GOLDEN PRODUCTION OF "CLAUDIA" COMING TO SHEA'S, JAMESTOWN

The John Golden insignia on a play is a guarantee that its selection for production has been established after thoughtful and careful deliberation and analysis. This reasoning can be substantiated by the consistent percentage of successes emblazoned upon his escutcheon; beginning with "Turn to the Right" in 1917 up to his recent, and one of his most popular presentations "Claudia" coming to the Shea's Theatre, Jamestown, Friday matinee-evening December 12th.

This radiant comedy by Rose Franken has been acclaimed by the critics of New York City and Chicago as the most distinctive and enjoyable contribution to the theatre in many years. Possessing, as it does, all the components of a splendidly constructed play, dramatized by Rose Franken, from her two popular novels and stories "Claudia" and "Claudia and David."

The condition of Peter Favorita, 28, of Ellipton, wounded Monday by the discharge of his own rifle which took off the thumb and index finger of his right hand, was reported as improving today.

No additional hunting accidents have been reported in Warren.

Two Allegheny county men were wounded today, one seriously, while deer hunting in the northwestern Pennsylvania woods.

Earl Hast, 27, of Castle Shannon, was accidentally shot by a companion at Hallton, 12 miles north of Ridgway. The bullet shattered an arm, necessitating amputation between the elbow and shoulder.

Sixty Are Being Tried For Plot to Kill Il Duce

(From Page One)
The prosecutors said they could prove that the organization's aims were distributed in schools of Pleszo, Oltresonzia and Plesina. All prisoners were accused of acting directly or indirectly for foreign powers.

On their heads were laid the deaths of 42 persons in a Plesina powder factory explosion August 8, 1940, in which 756 others were injured, and 85 deaths with more than 300 injured at Bologna 17 days later.

These were preceded Feb. 25, 1940, by a blast at Clana that caused serious destruction of artillery, mortars, machine-guns and millions of rounds of rifle cartridges, but no deaths.

SANTA CLAUS

WHO HE IS

E. S. PAYNE, formerly an assistant division superintendent for the Denver Tramway Corporation, now is a Pullman conductor. One month each year, December, he takes a layoff to play Santa Claus in the toy department of a Denver department store. "I do it just because I love children," says Payne. "No man who doesn't like children can be a successful Santa because children are quick to sense dislike." Store officials say Payne is one of the best they ever had. As frequently as possible he learns a child's name before he reaches the Santa booth, and when the child appears Payne calls him by his name and writes his "I want" in a Big Book. Payne attends many holiday parties, impersonating Saint Nick. "Sure," says he, "my head's in a whirl frequently after a hard day but it still is a lot of fun. December's my happiest month."

what they see before them. "The older children have very definite ideas, however. It usually is easy for me to tell from what sort of families they come. This is especially true with children from extremely poor families who request such useful things as overcoats, or overshoes, and children from extremely wealthy families who want only frivolous trinkets. "I've raised three boys and now I have three grandchildren and I think the best children's presents are those that are useful, un-structive or health-promoting. "Give the gift problem a little thought, buy wisely and stay within your means."

From Latin America soon 500 youth will come to the United States for training as pilots and aviation technicians by the Army Air Corps and the Civil Aeronautics Administration.

Air gunners practice marksmanship at training quarters in England with the aid of a small spotlight attached to the gun which fires a beam of light instead of bullets.

Complete Report Of Contributions Made By Needlework Guild

Officers of the Warren Branch, Needlework Guild Association, announce today that complete reports have been filed by the many directors for this year's 'Garment Day' held at the Woman's Club on November 5, and that distribution has been made to the various agencies aided by the branch. The total of 1,758 articles have been distributed as follows: Children's Aid Society, 386; Visiting Nursing Association, 1,018; Warren Relief Association, 348, and to special cases, 6. Special mention is made in the completed reports of a gift of 32 garments made and contributed by members of Mrs. J. W. Kitchen's Sunday school class; also of 60 articles contributed by the Warren Business and Professional Women's Club, representing every member of the club. The report states: "We are really very proud of this and feel it is one of our most valuable contributions from the community."

Warren Lions Will Attend Meeting At Oil City Tonight

Between 10 and 15 members of the local Lions Club have made reservations to attend the "stag" party to be held in Oil City this evening, when club members of that city will be hosts for an informal gathering. There was no speaker for this week's session of local members, E. J. Milway conducting the brief business meeting which followed luncheon at the Y. W. C. A. activities building. Group singing was in charge of G. M. Borg. Engaged to speak to members next week is Everett Elliott, former local boy who is now employed as a test pilot for the Curtiss-Wright Company in Buffalo, N. Y. An account of his recent experiences in Iran were detailed in these columns several weeks ago.

Children's Aid Is Seeking Donations

The Children's Aid Society of Warren County is again appealing to all friends of children for donations to its Christmas fund. In addition to the individual needs of the children under its care, the agency receives many requests from less fortunate families throughout the county. By calling the Children's Aid Society, phone 92, any church group or club may have the opportunity of making Christmas happier for one of these families. By making careful inquiries, the agency can assure such groups that there will be no duplication from other sources.

NOTED SKATING STAR FEATURES BUFFALO SHOW

Upstate New Yorkers will be given an opportunity to see Sonja Henie, in person, at the Memorial Auditorium in Buffalo on December 15th through December 20th in the lavish 1942 Hollywood Ice Revue. The Memorial Auditorium seating 12,000 people, gives 72,000 people a chance to see the revue during the six night performance. The advance sale just begun is attracting thousands of people from upstate New York, according to her sponsors, Ismailia Temple of the Shrine. Reservations are made in order received. The only return appearance of Sonja Henie in New York state will be at Madison Square Garden, New York, at the close of the season.

Sonja Henie, that winsome miss who has dominated the field of figure skating and ice entertainment in America ever since she burst forth upon the horizon over a decade ago, will present her most lavish extravaganza in the Sonja Henie Hollywood Ice Revue of 1942, that is produced by Arthur M. Wirtz, of Chicago, Illinois, the guiding genius behind all of Miss Henie's revues.

More expensive, more lavish and larger than ever before, the 1942 Sonja Henie show approaches the ultimate in ice entertainment and it promises to surpass in color and entertainment any of the previous successes that have attended the name of the world's outstanding athlete-entertainer. Always a hard worker, Miss Henie does not spare herself in the 1942 production and makes five appearances in various numbers that include her famed solo and her inimitable tango, that she skates this year with Gene Turner, one of America's foremost young skaters and a national amateur champion before turning professional to skate with Miss Henie. Claude Debussy's famous composition "Clair de Lune" provides the melody for the famous Henie solo and the combination of that haunting refrain and Miss Henie's superb skating should highlight a performance filled with sparkling entertainment.

In all of her other numbers the glamorous star of the screen and the ice will have a background composed of the finest skating ensemble ever assembled. She will be seen in "Gay Parisienne," a colorful pageant of old Paris with specially arranged music taken from the "Gay Parisienne" suite by Offenbach.

TIMES TOPICS

CONTRACT AWARDED
According to an Associated Press dispatch from Washington, the War Department has awarded a contract to the Titusville Iron Works at Titusville for boilers and equipment to cost \$14,849.

ELK IS KILLED
A 13-point elk, one of the few remaining animals of a species once so abundant it gave its name to Elk county, was found shot near St. Marys Tuesday. Game wardens could find no trace of the hunter who killed the animal, which is protected by Pennsylvania game laws.

GOMEZ UNSUCCESSFUL
Vernon "Lefty" Gomez, veteran New York Yankee pitcher, admitted Tuesday that so far he had been unsuccessful in his quest for a deer. Gomez is a guest at the famed Trout Run hunting lodge of Col. William Kaul, near St. Marys. Joe DiMaggio, another Yankee star, is expected to join Gomez later this week.

TO CONFER DEGREE
Members of Kossuth Encampment, No. 98, I. O. O. F., will go to Jamestown tomorrow evening to confer the royal purple degree on a class of candidates from Chautauque Encampment. Members of the local organization who plan to accompany the degree team have been requested to be at the local lodge hall before 7.15 p. m., when the special bus will leave.

ATTRACTIVE WINDOW
Cooperating with the Warren County Tuberculosis Society in the annual sale of Christmas seals, Alden O. Carlson has arranged an attractive window display in his flower shop at 131 Pennsylvania avenue, west. The scene is an exact replica of the picture on this year's seals and the same colors are used in the display. It has created considerable comment among those who have seen it.

TEACHER FOUND DEAD
Mrs. Cora Smith, a commercial teacher at the Corry High School was found dead in her classroom early Monday afternoon. Mrs. Smith, a teacher in the Corry schools for many years, is believed to have succumbed to a heart attack during the noon hour. The teacher, as customarily, locked the door of her room while she ate lunch at noon. The door was forced open shortly before two o'clock when her death was discovered.

PLEADS GUILTY
John Francis Smith, of Townsville, pleaded guilty to a charge of shooting and wounding a human being in mistake for game, namely a ringneck pheasant, when arraigned before a Titusville magistrate Monday. He was released under bond of \$1,500 for appearance at the next term of Crawford county quarter sessions court. Smith is alleged to have fired the shot that wounded Division Game Supervisor Hays T. Englert, of Oil City, on Thanksgiving morning.

A World Champion Rodeo Rider
EDDIE CURTIS

West Hickory

West Hickory, Dec. 2.—The Bible class of the Methodist church held their regular monthly meeting on last Friday evening at the home of Mr. and Mrs. Albert Andrews with 32 members present. The hostesses served refreshments following the meeting.

Mrs. Pauline Norton and Miss Betty Fitzgerald are in charge of the membership drive for the Red Cross in Harmony township.

Robert Babb, son of Mr. and Mrs. Henry Babb of this place, spent his Thanksgiving vacation with his aunt Mrs. Bud Weaver and family at Kane.

Joe Laulich spent the weekend in Cleveland, Ohio. Callers from here who motored to Warren on Saturday to enjoy the "Santa Claus parade" where Mrs. Stoddard and children, Gloria, Patricia, and Gail, Mrs. Forton

Calgueri and daughter Evelyn, and Mr. and Mrs. Taylor White, and Mr. and Mrs. Norman Keller, of Erie, were Thanksgiving dinner guests of the latter's parents, Mr. and Mrs. Fred Kisabeth and family.

Mrs. John Watson and daughter Sally, of Hamburg, N. Y., are spending a few days with the former's parents, Mr. and Mrs. L. E. Fitzgerald.

Miss Myrna Lewis a student at Clarion Teachers College, spent the Thanksgiving vacation with her parents, Mr. and Mrs. George Lewis and family.

Mrs. John Fitzgerald and Miss Betty Fitzgerald were business callers in Titusville on last Friday. Mr. and Mrs. Budd Weaver and baby, of Kane, and Kenneth Simmons, of Erie, were Sunday guests of Mr. and Mrs. Harry Simmons. Thanksgiving guests of Mr. and Mrs. Forton Calgueri were Mr. and Mrs. Monty Chapman and son

and Miss Evelyn Calgueri, of Knox, Mr. and Mrs. Paul Remington, of Jamestown, N. Y., were also callers at the Calgueri home. Rev. Stevenson, of Tidoute pastor of the Methodist church here was a business caller in town on Saturday.

Mr. and Mrs. Merle Thompson and son Kenneth, of Ludlow, and Mr. and Mrs. Arthur Johnson and son, of Warren, were Thursday guests of Mr. and Mrs. Geo. Norton and family.

Friends of Mrs. John Pascarella will be pleased to hear she is able to be around again after being confined to her bed for the past several days. The Christmas program at the Methodist church here will be under the direction of Mrs. Walter Emick and Miss Evelyn Calgueri. Fred Bassler, of Cleveland, Ohio, is spending a few days with Mr. and Mrs. George Lewis.

Mrs. Hilda Wheeler, of Harrisburg spent the latter part of the week with her daughter, Mrs. Jerry Hinkle Jr.

Mr. and Mrs. George Urban and son Dickie, of Warren, Ohio, were weekend visitors at the home of the latter's aunt and uncle, Mr. and Mrs. John Crkvenac.

John Williams of New Cumberland, spent the weekend with Mr. and Mrs. Harry Williams.

Robert Maze, son of Mr. and Mrs. Larry Maze, formerly of this place, who is in the U. S. Air Corps at Chanute Field, Ill., called on old friends here on last Friday afternoon.

Miss Mary Hillard and Dorothy Maze were calling on friends at this place on Sunday afternoon. Jake Mascaro and son Bobby and Earl Sutley were business callers in Oil City on last Friday evening in the Endeavor Community house was well attended.

Mr. and Mrs. Russell Kifer were business callers in Titusville on last Saturday. Mr. and Mrs. Leo Williams and family were business callers in Titusville on Saturday evening. Mr. and Mrs. Harry Williams spent the week end with relatives and friends at Meadville. Arthur Ross of Titusville is spending a few days with his daughter Mrs. Leo Williams, and enjoying hunting.

INSTALLMENT BUYING NOT STOPPED

During this Christmas shopping season it is well
for residents of the community and surrounding areas
to remember that credit buying is still almost as easy
as it ever was.

It is generally recognized that credit buying is the
cornerstone of our country's responsible structure. It
has been so for a long time. Credit buying has been
responsible for the building of large industries of every
type and description. Credit buying has been the meth-
od by which thousands of Americans have been able
to start, and build successfully, private enterprises of
every kind. Credit buying has been one of the basic
reasons for the high standard of living which we enjoy
in this country. Credit buying has given employment
to millions of men.

Recent government regulations have not prohib-
ited installment or credit buying in Warren or any other
American city. Contrary to the opinion of a great
many people of the buying public, no curtailment of the
installment plan of buying what you need has been
made. You can still buy what you want on easy credit
terms. Here are a few facts that will guide the pur-
chaser in planning to take advantage of the existing
regulations:

- 1—You can still buy on convenient easy terms any mer-
chandise which you have been buying on credit right
along. There has been no curtailment of credit buying.
- 2—Some merchandise has been placed under certain minor
restrictions by the government, but even these can still
be bought on credit, as always.
- 3—The following merchandise has NOT been affected by
the new government regulations . . . auto tires and ac-
cessories, diamonds, watches, jewelry, silverware, floor
coverings, draperies, bed coverings, clothing, lighting
fixtures, paint, roofing materials, wallpaper, etc.
- 4—The following merchandise must have a down pay-
ment of 10% and must be paid in full within 18 months
... New household furniture, including springs, mat-
tresses, etc., pianos and electric organs. But you can
still buy them on credit.
- 5—The following merchandise must have a minimum
down payment of 33 1/3%, and must be paid for with-
in 18 months . . . automobiles, motorcycles, aircraft,
power driven boats, etc. But you can still buy them
on credit.
- 6—The following merchandise must have a down pay-
ment of 20%, and be paid for within 18 months . . . refrig-
erators, radios, musical instruments, home appliances,
etc. But you can still buy them on credit.
- 7—The following merchandise must have a minimum down
payment of 15% and be paid for within 18 months . . .
oil burners, furnaces, stokers, water heaters, etc. But
you can still buy them on credit.

THE MEDICINE CABINET'S FULL

Some time ago the government's tremendous stocks
of raw opium, stored away in Treasury vaults, was re-
vealed. With quinine, this is regarded as an indispen-
sable drug.

Now it is known that ten million ounces of pure
quinine have been also stocked in similar vaults,
enough for a four or five years' supply in an emergency.

In many respects our national foresight has not
been of the best. We have, in Scriptural language, left
undone the things which we ought to have done. Here,
however, is a case, in the stocking of the national medi-
cine chest, where foresight seems to have paid out in
a big way.

An appeal that should receive an immediate and
generous response is made by the Children's Aid So-
ciety for donations of clothing, toys or money. In case
you are interested the office of the organization is on
the third floor of the court house.

The fog blanket that has enveloped the big game
woods since the opening of the deer season must be
discouraging to those hunters who "took a few days
off" this week to endeavor to bring down a buck.

With but three weeks remaining before the event-
ful holiday it will soon be too late to do your Christ-
mas shopping early.

Washington has announced that the national debt
is 150 billion dollars but don't let that spoil your Yule-
tide pleasure.

T-H-O-U-G-H-T-S

The word of the Lord endureth for ever.—1 Peter 1:23.

Man usually believes, if only words he hears, that also with them
comes material for thinking.—Goethe.

EDSON'S WASHINGTON COLUMN

BY ELEANOR RAGSDALE

NEA Service Staff Correspondent
Washington, Dec. 3—Americans
follow State Department news more
than ever these days. You have
only to look at any paper to see
headlines screaming out what the
State Department thinks about the
Kearny torpedoing, or what it is
going to short-circuit Nazi plots.
Not that the State Department is
itself ever screaming. It's far too di-
gnified and well-bred for that. It's
the newspaper correspondents cov-
ering this august institution who
translate the often obscure and
diplomatic statements of Secretary
Cordell Hull and his spokesmen
into down-to-earth language.

Eight or nine reporters regularly
are on hand to watch every state-
ment or report that comes from
State Department sources. They
are employed by the various wire
services and leading American
newspapers. A score of others drop
in daily to keep abreast of the high
spots of the news. Among these
are feature writers, radio men and
representatives of the Chinese, Jap-
anese, French, British, Russian and
German news agencies, who make
the press room resemble a League
of Nations meeting of happier days.

At first glance it seems a sort of
sleepy place, this old-fashioned or-
nate Department of State building,
just across the street from the
White House. Usually it doesn't get
really going of a morning much be-
fore 10:30. Newsmen stroll up the
long, broad flight of steps some-
time after that leisurely hour, walk
down a pillared-lined corridor, past
a curving staircase and enter their
own sanctum behind a slatted wood-
door marked PRESS ROOM.

General practice is to poke a nose
into the Division of Current Infor-
mation office across the hall first
thing and have a chat with Michael
MacDermott, veteran chief of that
division, or one of his assistants.
"Mac" will talk over any press re-
leases his office has put out, and
tell the boys what's on deck for the
day. If they want to know where
to find out something like the terms
of the Russo-Japanese trade pact,
he'll guide them to the right expert
if he himself doesn't know offhand.

One steady date for State De-
partment reporters is the daily con-
ference with Secretary Hull, usually
held at noon. Shortly before
then a stream of newsmen pours
into the secretary's waiting room,
and stands around a long mahog-
any table awaiting Hull's entrance
with considerable decorum. The
gentle-faced, white-haired states-
man greets the gathering with a
courteous "Good morning, gentle-
men. Have you got any ques-
tions?" Then the floor is open.

The going gets thick and fast at
times. Hull, clasping and unclasping
his long hands, has to parry
questions with caution, but seldom
loses his southern composure. Some-
times he will break the tension with
a quiet joke. Privately, Hull
often throws aside his press confer-
ence reserve and cuts right through
the maze of diplomatic phrasology,
pulling no punches. "It can
go to hell in a minute," was his
reply to one query about the gen-
eral foreign situation.

After a chorused "Thank you
Mr. Secretary," has terminated the
interview, there is a pell-mell rush
for the press room phones. Many
State Department reporters are
old-timers with all the prestige and
dignity in the world under normal
circumstances, but they run with
the best of them to get a flash on
the wires.

Unexpected things are always
popping up to keep the afternoon
busy. State Department men
must keep tabs on the various em-
bassies and legations scattered all
over northwest Washington. Fre-
quently ambassadors or ministers
call to see Hull or Undersecretary
Sumner Welles about current busi-
ness, and of course, the recent talk
with the Japanese envoys pro-
vided red-hot news.

Sometimes it may be French
(Turn to Page Nine)

STAMP NEWS

THE centenary of the birth of
Jose Manuel Estrada, diplo-
matist, writer, orator, explorer
and educator, will be commemo-
rated with a new issue. Al-
though the hundredth anniver-
sary date will not be until July
13, 1942, the stamp bearing his
portrait will be released early in
the new year. Estrada died in
1894.

Denmark will issue a commem-
orative stamp soon to honor Vitus
Johannsen Bering, Alaskan ex-
plorer who discovered the strait
between Asia and America which
bears his name.

The value is a 10-cent stamp
and bears the dates 1741 and 1941
and the inscription "Vitus Bering
in Memoriam." The explorer
made his discovery in 1741 and
died in December of that year on
St. Elias Island, off Alaska, after
his expedition had been ship-
wrecked.

A tax stamp to raise money for
Cuba's National Council of Tu-
berculosis will be issued in the
1-centavo brown. Use of the
stamp will be obligatory with
normal postage on all mail, tele-
grams and radiograms in Decem-
ber and January. The design pic-
tures a mother and baby, against
a background of the international
anti-tuberculosis symbol, the dou-
ble-barred cross.

Recent arrivals from the
Straits Settlements include a 2-
cent orange and 15c blue with
head of King George VI for
Straits Settlements; 15c blue with
likeness of Sultan Bakar for Pa-
hang; a portrait of Sultan Iskandar
on a 15c blue for Perak; a
coat-of-arms design on 15c blue
for Negri Sembilan; and for Se-
langor, a 15c blue picturing the
Mosque of Klang.

"Thumbs Up" Along the Defense Highway

YEARS AGO IN WARREN

Interesting Items Taken From
the Warren Evening Times

In 1921

The joint recital given at the
Strand Theatre last evening by
Miss Sibyl Sanderson Fagan, whis-
tler, and George Wilton Ballard,
tenor, assisted by Willard Osborne,
violinist, by the courtesy of the
Smith-Metzger-Wright Company,
was attended by one of the large
est audiences seen at a musical
evening of this character for sev-
eral seasons.

The following are in charge of
the various committees for this
year's Christmas Seal Sale: Dr.
H. W. Mitchell, Mrs. George Dun-
ham, Bishop Yates, Leonard Lar-
son, George O'Dell, W. C. Heasley,
M. D. Cray, Howard Hanna,
George L. Mackay and Mrs.
Blanche Partridge.

Several of the refineries are
curtailing their operating ex-
penses by reducing the wages of
employees. At the Wilburine the
men will go on a 12 hour shift at
the same wages they formerly re-
ceived for an eight hour tour.
Wages of Conewango Refinery em-
ployees have been cut eighteen
per cent.

The raw, cold wind and almost
freezing temperature discouraged
hucksters from visiting the curb
market this morning and there
was only one outfit parked in
Hickory street.

Borough employees this morning
covered the fountain in General
Joseph Warren Park—the surest
indication that winter is at hand.

In 1931

Claude Nichols, secretary of
the Elks Bowling League, an-
nounced today that Eddie Hag-
berg and Al Fischer are leading
the bowlers in that loop with 189.
Guy Johnson and Myron Check
come next with 186 each.

A one-act comedy, "Frank
Glynn's Wife," was presented in
the high school assembly program
this morning with the following
taking part: Dick Field, Sarah
Haines, Edna Haehn, Beulah
Burch, Gretchen Knabb, Beyer Af-
rica and Helen Olson.

Rev. T. S. Dickson will speak
at the annual memorial service
to be held by the Warren Lodge
of Elks Sunday afternoon. Music
will be furnished by Miss Bessie
Strickland and Richard Lavery.

The Warren County Welfare As-
sociation will meet tomorrow at
the Y. W. C. A. and Mrs. J. P.
Rogers will give a report of the
state sectional meeting.

F. P. Caro, East Side barber,
will cut hair of all children of un-
employed parents this month as
a holiday greeting.

Mrs. Lotta Rumohr was elected
president of West Review No. 4,
W. B. A., last night.

During the second quarter of
1940, the United States imported
1,544,571 pounds of crude glycer-
ine.

CORPORAL QUIZ

Two-striper is the name they
give a corporal in our Army. You
should know why, and also the
answers to most of the following
questions about corporals.

1. Is a corporal a commissioned
or non-commissioned officer?
2. What did a corporal of today was
a corporal in World War I?
3. What U. S. Army corporal
recently married a well-known
screen-society girl?
4. Who was Corporal Violet?
5. What is corporal punish-
ment?

Answers on Page 6

Many species of sponge are
found in fresh water although
they have no commercial value.

A WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON—Pouring into Washington almost con-
stantly these days are the complaints of thousands of
business men over the dislocations caused by priorities, short-
ages and odd specifications which are all jumbled into the
gigantic buying of national defense.

Some of these headaches are
perversely humorous; some are
almost tragic in their conse-
quences; but nearly all are inter-
esting. For example, here are
some told by the business men
themselves or by their represen-
tatives:

The Army, Navy and what-
not's great need for linoleum
threatened a shortage in this
flooring commodity. The govern-
ment experts went to work on it
and not wishing to knock out lin-
oleum for private homes unless
they had to, cast about for other
uses to which it was being put.
To their amazement they discov-
ered that thousands of square
yards were going into the manu-
facture of furniture (table and
dresser tops, etc.)

The priorities orders were
drawn up. Linoleum for such
frivolous business as furniture
was out.

As a result, some eastern sea-
board warehouses soon will be
combed sky-high with scrap
linoleum—absolutely unusable
for any other known purpose.
Linoleum is manufactured in
standard widths and lengths.
When sold, scraps invariably re-
sult and for some years now, the
companies have been making suf-
ficient profit on this scrap that
the price of their product could
be reduced. Now what happens.
The government will have to pay
for the scrap and the manu-
facturers of that type of furni-
ture will have to whistle up a new
business.

A NORTHWESTERN lumber
man is wallowing because his
yards are glutted with four grades
of lumber lower than absolute top
grade. Only by cutting down more
trees and sawing them up and
swelling his surplus of lower
grades can he get any of that
choice, unblemished grade that

goes into the more than a million
chests which the soldiers keep at
the foot of their beds.

The Army specifies this one
certain grade. It needs millions of
feet of it. But, says the lumber
man, nobody needs millions of
feet of any of those lower grades.

THERE is, however, in New
York a "little businessman"
who turned the tables on pri-
orities. He is the manufacturer of
a fountain pen with a felt "brush."
It is used for addressing large
packages and boxes.

Except that it is a little larger
and has that stubby oblong of
felt instead of a point, and an
inch-long tubular brass collar to
hold the felt, it resembles any
other fountain pen.

It was that brass collar that
caught the priority eye and the
manufacturer went to work one
morning to find himself out of
business. He came to Washington.
At OPA he got a deaf ear and at
Army another one. At Navy, he
was about to get the same when
the officer, examining the sample
pen, got some of the ink on his
fingers. He asked what kind of
ink it was. The "little business-
man" described its ingredients
and qualities, explained that he
made it himself.

The officer became very excited.
That, it seems, was what he had
been searching for high and low
—to be used in outlining patterns
on the floors of navy yard ship
lofts.

"From now on," he said, "you
are going to manufacture this
ink."

"Not unless I can manufacture
my pens, too," was the answer.

And that's the way it was. The
man went back to his little busi-
ness with an order for ink in one
pocket and clearance on enough
brass tubing for a million pens in
the other.

NAVY RECRUITER WILL PAY VISIT HERE THURSDAY

The U. S. Navy recruiter from Jamestown will be in the post office building here, room 12, tomorrow on the weekly recruiting trip which is scheduled for each Thursday. The office will be open from 9 a. m. to 4:30 p. m.

It is stressed that the navy is greatly in need of trained men to man the new ships that are being commissioned for the two-ocean navy, especially in the radio and telegraph trades. Men who are apprentices in these two trades are urged to investigate the opportunities offered to them by enlistment in the navy or naval reserve.

If they can pass the required physical examination, they can be enlisted in the naval reserve for the duration of the present emergency with pay ranging from \$60 to \$89 a month with clothing and quarters furnished.

Many branches of the aviation trades are also open to all men between the ages of 17 and 31 for enlistment in the regular navy. Men who qualify and are enlisted will be sent to the Naval Training Station, Newport, R. I., for preliminary training, after which they will be sent to the aviation school of their choice to prepare for aviation machinist mate, ordnance men, radio operators, metallurgists and many other ratings.

The navy recruiter will impart information to anyone regarding enlistment in the navy or naval reserve.

TIMES TOPICS

MOOSE TO MEET

The regular meeting of the Moose Lodge at eight o'clock this evening will be followed by a sauerkraut supper for members.

AT CONEWAGO CLUB
Ray Spriggle, well known Pittsburgh newspaper man, will speak at the weekly dinner of the Conewago Club, to be held tomorrow evening.

FOX CLUB

The Fox Club will meet this evening at 7:30 o'clock at the home of Bruce Williamson, 19 Parker street. All members are asked to be present.

TOWNSEND MEETING

Townsend Club No. 2 will meet in the Eagles hall on Friday evening at 7:30 o'clock. A penny supper will be served from six to seven o'clock. All members are requested to be present.

RETURNS FROM FREDONIA

Miss Harriet B. Eaton, Brook street, has returned from Fredonia, N. Y., where she conducted a two-day display of antique jewelry and silver at the home of Mrs. Ada Darling.

COURT TOMORROW

A session of argument court will be held tomorrow morning with Judge D. U. Arid presiding. Only usual petitions and routine cases are scheduled to be heard, it is stated.

EXPECT NEW TRUCK

The new 75 foot aerial ladder truck for the fire department is expected to arrive in Warren some time this week from Pittsburgh, according to Fire Chief Douglas G. Kropf. Purchase of the big truck was authorized by borough council at the November meeting.

FRACTURED ARM

Edward Horner, 1318 Pennsylvania avenue, west, is in the Warren General Hospital with a fracture of his left arm, received about noon yesterday when he fell while working for the Commercial Lumber Company in the woods near Sugar Grove. His condition is good.

CLOSING HOURS

As a result of a typographical error in yesterday's item concerning the Christmas closing hours of local stores, some confusion was created concerning the time for closing on Christmas Eve. The stores will close at six p. m. on December 24, remaining open evenings until nine o'clock from December 17 until that date.

DRILL BIG WELL

A gas well flowing 16,000,000 cubic feet a day was reported drilled in yesterday by the Belmont Quadrangle Drilling Corporation, according to a dispatch from Bradford. The well, one of the largest in the area in many months, is located on the George Lewis farm in West Union township, Steuben county, New York. Drilling was started three months ago and the operators said the flow was under control five minutes after it began.

HEARING POSTPONED

Further hearing on the request of the Bessemer and Lake Erie Railroad to abandon its passenger service between North Bessemer, Allegheny county, and Erie, was postponed indefinitely by a Public Utility Commission examiner after testimony of one witness at Butler yesterday. The action was taken because one attorney of the railroad was unable to attend. The road now operates one train daily between its terminals, serving 39 communities.

CONTRACT SIGNED

Rep. Robert L. Rodgers, of the Erie-Crawford congressional district, announced he had been informed by the War Department of construction of the big Keystone Ordnance plant at Geneva, near Meadville, has been signed. The Fraser-Brace Engineering Corporation of New York and Wilmington, Del., will do the work, the congressman said. The company is expected to send Robert B. Morris to Meadville later this week as general superintendent. Cost of the plant is estimated at \$10,000,000.

There are never more than two sets of paired fins on a fish. These fins correspond to the two sets of legs in quadruped animals.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it works. It really does the cough or you are to lose your money back.

AN ORDINANCE

Number 346

Prohibiting the manufacture, storage, transportation, use, discharge or explosion of nitro-glycerine, dynamite or other like explosive within the Borough of Warren, except upon the conditions, terms and in the manner herein specified.

WHEREAS, the Borough of Warren is situated in the oil producing area and in the operating for and producing of oil it is necessary to use high explosives; and the transportation and use of such high explosives is accompanied by danger; and in order to protect persons and property in said Borough it is necessary that the use and transportation of said high explosives be regulated.

NOW THEREFORE, be it enacted and ordained by the Burgess and Town Council of the Borough of Warren and it is hereby enacted and ordained by authority of the same as follows:

SECTION 1. That no nitro-glycerine, dynamite or other like explosive whatsoever shall be manufactured within the limits of Warren Borough, and no such explosive whatsoever shall be transported, stored or used within the limits of Warren Borough except in the manner and upon the conditions hereinafter provided:

I. Any corporation, partnership or person engaged in any business which may require the transportation of nitro-glycerine, dynamite or other like explosive within the limits of Warren Borough, shall file in the office of the Borough Secretary of Warren Borough an agreement in writing, properly executed in such form as the Borough Solicitor may require, providing that it will not transport within the Borough limits any such explosive when the same can be transported to its destination or place of use on roads without the limits of Warren Borough and that the party to said agreement will not apply for the permit hereinafter mentioned to transport any such explosives within the Borough of Warren unless and until such party shall have offered satisfactory evidence to the Burgess or the Chief of Police that the explosive to be transported cannot reach its destination or place of use by reason of the lack or impossibility of roads outside the limits of Warren Borough, and shall further provide that the right to apply for a permit under the terms of this ordinance and said agreement may be revoked and further permits refused if any of the terms and conditions imposed therein have been violated; and when required by the Chief

Burgess, the applicant shall also file a bond in an amount, in the form and with sureties to be approved by the Chief Burgess, conditioned for the payment of any and all damages which may result from the transportation by the applicant of glycerine, dynamite or other like explosives within the Borough of Warren.

II. An person desiring to transport nitro-glycerine, dynamite or other like explosive within the limits of Warren Borough shall make application to the Chief Burgess, who, if of the opinion that it is necessary for the proper conduct of a legal business whereby such business would cease or be unduly impeded in the conduct of such business, may issue a permit upon the condition that such explosives be properly packed in the vehicle used for the transportation thereof, and shall designate a Police Officer to make inspection of such vehicle; and said Police Officer shall note on said permit that such vehicle was properly packed at the time of inspection, and shall route the vehicle through Warren Borough over such streets as will be the least hazardous to the traveling public, and avoiding the passing of schools, churches or public buildings at such times as said buildings are in use. No vehicles used in the transportation of any such explosives within Warren Borough shall proceed at a greater rate of speed than fifteen miles per hour, and each vehicle so used shall have painted on each of its sides the word "Danger"—"Explosives" in letters at least four inches high, and in addition there to shall carry on the front and rear a red flag not less than twelve by fourteen inches in size, and plainly visible.

III. No permit shall be granted for the transportation of nitro-glycerine, dynamite or other like explosive in quantities known as stock, or for the purpose of making transfers from factories outside of said Borough; and not more than 150 quarts of nitro-glycerine and/or 250 pounds of dynamite or other like explosive shall be transported within the limits of Warren Borough at one and the same time.

IV. No nitro-glycerine, dynamite or other like explosive shall be used, exploded or discharged within the limits of Warren Borough for any purpose, except in the prosecution of lawful business, and only when deemed necessary by the Chief of Police, and then only upon permit from the Chief Burgess who shall, as a condition precedent to the issuing of such permit, re-

quire the applicant thereof who desires to use, explode or discharge the same within the Borough limits within five hundred feet of a building used or occupied by any person as a dwelling, barn, shop or garage, to give bond to the Burgess and Town Council of the Borough of Warren, for the use of the parties interested, conditioned for the payment of any and all damage to persons and property that may be caused in any way by the discharge or explosion of any such explosive; and no such permit shall be granted for the use, discharge or explosion of any such explosive, either for shooting oil wells, blasting or otherwise, within one hundred feet of any building used or occupied as a dwelling, barn, shop or garage except upon the written consent of the owner thereof being produced to the Chief Burgess prior to the issuing of such permit; and the Chief Burgess may at the time of issuing such permit, direct and require that the use of explosives under said permit shall be in the presence of and under the supervision of a Police Officer.

SECTION 2. For each permit issued to transport such explosives through the Borough of Warren, the applicant shall pay to the Borough Secretary the sum of \$2.00; and for each permit issued to transport such explosives into the Borough of Warren and use the same therein, the applicant shall pay to the Borough Secretary the sum of \$5.00.

SECTION 3. Any person, partnership or corporation who shall, in violation of the provisions of this ordinance, store, transport, use, manufacture, discharge or explode any nitro-glycerine, dynamite or other like explosive, within the limits of Warren Borough or cause the same to be done, shall, on conviction thereof, be fined in a sum not exceeding \$100, and in default of the payment of said fine, be committed to the County Jail for a period not exceeding thirty days.

SECTION 4. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Adopted: December 1, 1941.

F. W. WAITE,
President.

M. L. DOUGHERTY,
Borough Secretary.
Approved December 2, 1941.
R. W. STEBER,
Chief Burgess.

AN ORDINANCE

No. 345

Providing for fire service by the firemen and apparatus of Warren Borough outside the limits of Warren Borough, regulating such service, and providing for the charges to be made for such service.

Be it enacted and ordained by the Burgess and Town Council of the Borough of Warren and it is hereby enacted and ordained by the authority of the same as follows:

SECTION 1. That the Borough of Warren by its firemen and with its apparatus render fire service without the limits of Warren Borough and in Townships bordering upon said Warren Borough in the manner, upon the conditions, and for the compensation hereinafter provided.

SECTION 2. That fire service in the Townships adjoining Warren Borough shall consist of the following mentioned services and shall be governed by the following rules:

(a) In cases where a sufficient and available water supply is provided, then one Engine Company and at least three trained members of the paid firemen shall respond to the call.

(b) In case no sufficient and available water supply is provided, then the Emergency Truck and at least two trained members of the paid firemen shall respond to the fire call.

(c) The Commanding Officer of the Fire Department shall have the authority to detail other men and equipment to attend any fire in said Townships when, in his opinion, such additional help is needed to control a fire.

(d) Not more than two pieces of motor driven fire apparatus shall be sent outside the limits of Warren Borough at the same time or to the same fire.

(e) This fire service shall not be extended to any sections of any of said Townships which are not reached by highways in a good passable condition for fire apparatus; and the Officer in charge of said apparatus shall make every reasonable effort to reach the fire, and his judgment shall be final as to when and where the roads are passable for said apparatus.

(f) This fire service shall not include the extinguishment of grass and forest fires unless buildings are directly in danger.

(g) No fire service shall be extended to any property in any Township unless the proper authorities of such Township enter into a contract with the Burgess and Town Council of the

Borough of Warren for such service and shall pay the compensation therefor as herein provided; with this exception that any corporation owning or occupying buildings located in any Township adjoining Warren Borough, desiring such fire service, may enter into a contract with the Burgess and Town Council of the Borough of Warren for such fire service; and that in case a Township does not enter into a contract as herein provided for fire service, then said service shall not be rendered to industrial and manufacturing plants located in such Township, without further guarantee or contract.

(h) In rendering said fire service, the Borough of Warren shall furnish all apparatus, hose and fire equipment, with the exception of foam power; and all men and apparatus shall be properly covered by necessary insurance coverage to relieve the Townships or other contractors for such service from such liability.

SECTION 3. That the charges for the fire service herein provided for shall be at the following rates and subject to the following rules and regulations:

(a) The charge for fire service rendered to Townships shall be at the rate of fifty cents (\$50) per year for each One thousand dollars (\$1000) of the assessed valuation for tax purposes during each year said service is rendered; with a minimum charge of Three hundred fifty dollars (\$350) per year.

(b) The charges for fire service rendered to any private corporation shall be Seventy-five dollars (\$75) for the first hour and Forty dollars (\$40) per hour or fraction of an hour thereafter, the time to be computed from the time the fire apparatus leaves the station until its return to the station; and there shall be a one-way charge of five dollars (\$5.00) per mile, mileage to be computed from the Central Fire Station to the place of the fire, in addition to the other charges; that upon a private corporation entering into a contract for fire service, it shall pay to the Borough Secretary as a minimum charge the sum of Fifty dollars (\$50) per year in advance, this amount to be deducted from the total charges for service to such Corporation during each year.

SECTION 4. That fire service shall be rendered, without charge, to any City, Borough or Township which maintains an organized Fire Department, and enters into a reciprocal agreement with Warren Borough for mutual fire service.

SECTION 5. That no contract

for fire service herein provided for shall be entered into until approved by the Fire Committee of Warren Borough.

SECTION 6. That all ordinances and resolutions, and parts thereof inconsistent herewith are hereby repealed.

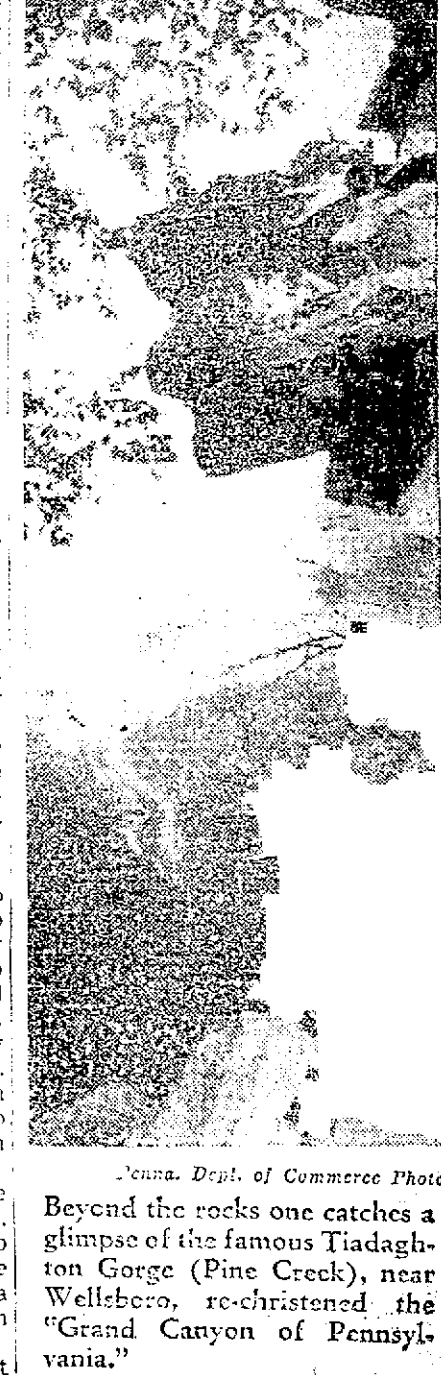

Adopted: December 1, 1941.

F. W. WAITE, President.

M. L. DOUGHERTY,
Borough Secretary.

Approved: December 2, 1941.

R. W. STEBER,
Chief Burgess.

Jamestown Nurse's Urbanski and Hahn Engagement Is Told Ceremony In Church

Mr. and Mrs. Frank L. Reese, 124 Main avenue, announce the engagement of their daughter, Elizabeth J. Reese, to Robert W. Hahn, son of Mr. and Mrs. Wilfred Pullman, 133 Oak avenue, Jamestown, N. Y.

Miss Reese was graduated from the Warren High School in 1938 and from the W. C. A. Hospital's training school for nurses in 1941. Since that time she has been a member of the hospital's maternity staff.

Mr. Hahn was graduated from Jamestown High School in 1938 and from Hobart College at Geneva, N. Y., in 1937. He is a member of the office staff at Hope's Windows, Inc.

No date has been set for the wedding.

Answers To Cranium Crackers

- Questions on Page 4
1. Corporal is a non-commissioned officer. Immediately above him is a sergeant; below him, first class private. Corporal's chevrons have two stripes.
 2. Adolf Hitler was promoted to corporal while in the German army in World War I.
 3. Corporal Palmer Beaudette married Bobbie Wright, Jr.
 4. Corporal Violet was Napoleon, also known as the Little Corporal. Friends in France gave him the former name during his exile in Elba when they hoped he would return with the victors in the spring.
 5. Corporal punishment is that applied to the body of the offender, including whipping, the death penalty or imprisonment.

There are 99,000,000 foot pounds of energy in one gallon of gasoline.

Colds' Coughing

Here's Easy Time-Tested Way To Get Relief

Get after those distressing spells of coughing and ease misery of the cold the widely used Vicks VapoRub. Put it under your nose. Add a good sniff of Vicks VapoRub. When breathe the steamy medicinal vapors. With every breath you take VapoRub's sedation soothes irritation, quiet coughing, helps clear head and breathing passages. FOR ADDED RELIEF... At bedtime rub Vicks VapoRub on throat, chest and back. Its poultice-rub action works to bring you comfort while you sleep.

Group Meeting For WCTU Held Locally

An interesting W. C. T. U. group meeting, including all local and county unions, was held in the Y. W. C. A. activities building Tuesday afternoon. After a luncheon at 12:30 o'clock the program was presented.

The group sang "Trial and Battle" and selected verses from Luke 24 were read by Mrs. Edith Stauder, followed by prayer offered by Mrs. Florence Emery. A solo, "God Will Not Forget Me," was sung by Mrs. LeLaChue, who played her own piano accompaniment and a solo, "God's Tomorrow," was sung by Mrs. Carl Lindquist, with accompaniment by Mrs. LeLaChue.

Mrs. Mabel Dallas, county president from Sugar Grove, gave a very interesting and stirring report of the 67th annual convention of the W. C. T. U. in Philadelphia. The subject was "Home Defense—What Can We Do In Christian Service?" Mrs. Dallas brought many inspiring and helpful suggestions for action in Christian service for home defense. Among other things, the convention urged that temperance teaching be made more effective in the grade schools and Sunday schools.

Mrs. Lindquist sang another solo and a duet, "My Burden's Gone," was given by Mrs. Klenck and Mrs. LeLaChue, with the latter accompanying.

Baptist Missionary Group Has Meeting

The Women's Missionary Society of the First Baptist church was entertained at the home of Mrs. Edwin Jack, Elm street, Tuesday afternoon. The president, Mrs. C. F. Still, presided and led in devotion.

Routine business included the report of the White Cross chairman, Mrs. B. H. Donovan, that the quota for a box for overseas had been completed and shipment would be made soon. Articles for a box to Mather School, Beaufort, S. C., educational center for colored girls of the south, were asked to be brought to the church by Thursday of this week for shipment.

The society mourns the loss of a devoted member in the death of Miss Ruth A. Cramer.

The president further explained the World Emergency Fund, which project ends with the "Sunday of Sacrifice," December 5, when Northern Baptists expect to turn into the emergency relief and missionary channels the sum of \$600,000 over and above the annual budget. Every member was asked to have her gift in by next Sunday.

Miss Anna Snyder and Mrs. Mary Gill summarized the first two chapters of the study book, "Christian Roots of Democracy in America," the home mission theme of the year. Mrs. Leroy Stoddard called attention to need for Christian citizenship activities among the women of the churches.

Mrs. Jack was assisted in the serving of refreshments by Group No. 2. The next meeting will be held January 6 with Group No. 3, Mrs. William Mutchert, chairman, in charge.

Social Events

MISSIONARY TEA

The missionary societies of the First Lutheran church held a well attended and enjoyable tea given last evening at the home of Mrs. C. J. Frantz in commemoration of the India centennial. A candle lighting service for the past and future of missionary work in India was in charge of the Margaret Zundel Society and was very inspirational. Mrs. Frantz was assisted by a capable committee.

If it were not dimmed by the light from the planet itself, we would be able to see one of Jupiter's moons with the naked eye.

Eastern Stars Have Party For Official

The Eastern Star chapter enjoyed a pleasant social event last evening in the Masonic Temple, when a dinner honoring Mrs. Hazel Chesnut, district deputy grand matron, preceded the regular meeting of the chapter.

The tables were appointed in blue and orange. The theme "masochism" was expressed in place cards decorated with Scotty dogs, and the program was held in the same form.

Mrs. Mabel Smith led in group singing of popular favorites arranged to fit this special occasion. Mrs. Lena Schaeffer, past matron, brought greetings from the officers, and Mrs. Alice Thompson spoke for the matron, Mrs. Ruth Brown, in brief comments. The origin of the use of masochism and its relation to the white Scotty dog, suitable for a large group, was explained by Mrs. Margaret Henge, working matron, who closed the program by expressing appreciation to the contributors who had their part to make up the evening such a happy one.

In addition to the Warren chapter there were several present from the following chapters: The Eastern Star chapter of the Warren Chapter, Mrs. Mabel Smith, past matron, and Mrs. Mabel Smith, past matron, and Mrs. Mabel Smith, past matron.

Marion Ullrich and Ralph O'Donnell Are Wed In St. Joseph's

Miss Marion Ullrich, daughter of Mr. and Mrs. William Ullrich, 514 Beech street, and Ralph O'Donnell, son of Samuel O'Donnell, 30 Wayne street, were united in marriage at eight o'clock Saturday morning in St. Joseph's church by Father Arthur Leon.

Wedding music was provided by Kathleen Simmons, organist, and Mary Rock Scalise, vocalist.

The bride wore a street-length frock of stone blue velvet with wine accessories and a corsage of pink roses. Miss Clara Ullrich, sister of the bride and her only attendant, wore a street-length frock of wine velvet with black accessories and a corsage of yellow roses.

Harry O'Donnell was his brother's best man.

Following the ceremony a wedding breakfast was held at 9:30 o'clock at the Philomel Club for immediate families and friends.

Miss Mary Elizabeth Boberg, of Detroit, Mich., was the only out-of-town guest.

After a wedding trip to Philadelphia, the newlyweds will make their home on Morrison street.

Both are graduates of the Warren High School in the class of 1934. The bride was employed at the New Process Company and Mr. O'Donnell is employed by Struthers-Wells.

Parties for the bride-elect have been given by Mrs. Zelda Johnson Ullrich, Miss Monica Jerman, Miss Mary and Thelma O'Donnell, Mrs. Samuel O'Donnell and Mrs. Betty Gilson Guiffre.

Mothers' Club Has Program By Students

At its December meeting, held in the school building with a large attendance of parents, the Home Street Mothers' Club had the privilege of presenting a fine program of entertainment by Miss Anna Kahl's dramatic class from the high school.

Two very delightful readings were given by Gloria Hausman and a play, "It's a Tie," was presented under the direction of Beverly Milway, acting in the absence of Miss Kahl. The following students participated: Charlotte McComas, Betsy Thomas, Jerry McManus, Melvin Greenwald, Bill Genge and James Horton. Each member of the cast gave an excellent performance and the hearty applause at the conclusion of the play was evidence that it had been much enjoyed.

Prior to the program, Mrs. Fred Plummer, president, conducted a short business session and devotions were in charge of Mrs. Glenn Mickelson.

At the close of the evening, refreshments were served by Mrs. Charles Cannon and her committee, Mrs. F. E. Kieshauser, Mrs. Clarence Lawson, Mrs. Howard Boyd and Mrs. J. A. Mullhaupt.

Reports Presented For YW Board Unusually Interesting and Indicative Of Much Activity

Fifteen members of the Y. W. C. A. board of directors attended the December business meeting held Monday evening, with Mrs. Carl Lundahl presiding and Mrs. Harold Warren conducting devotions.

Reports for the month were of unusual interest, since all departments are well under way with the season's plans. Filling of Thanksgiving baskets, knitting for Bundles for Britain and other forms of social work have occupied younger members, along with amateur programs, game evenings, box socials and Halloween parties.

Charlotte McComas is president of the High School Girls' Club, which has well over 100 members, and Beverly Milway is program chairman. It was reported one of their outstanding events has been the football tea attended at the Jamestown "Y."

In the business girls' department, dinner-meetings have been held, gifts to the World Service Fund presented and plans are under way for Christmas baskets for worthy families.

Educational and recreation activities attracted 480 for the month and plans are being perfected to meet the needs of different age groups in the Saturday night group plans.

It was announced that the Mothers' Club meeting for December will be the annual turkey dinner, with a special Christmas program. The membership committee reported it is making plans for re-

mindings of delinquent dues as of the end of October and that these must be paid by the end of December to be credited in this year's receipts.

The world fellowship committee reported that gifts for the work in China and England in the World Service Fund have already totaled more than in 1941 and that a number are still to be heard from.

The treasurer, reporting for the finance committee on the emancipation fund campaign, stated that subscriptions in cash and pledges, including the gift of \$5,000 received from Mrs. J. P. Jefferson, of Santa Barbara, Calif., amounted to \$18,568.10. Since the main objective of the canvass was for the mortgage indebtedness of \$16,605, the board is most grateful to those from near and far who made the campaign so successful.

In this connection, Mrs. J. H. West read at the board meeting a letter from the honorary president of the national board, Mrs. Robert E. Speer, voicing recognition of a splendid campaign. Once again, and this time at the Christmas season, the board extended its thanks and sincere appreciation to C. T. Conarro, general chairman of the executive committee, to A. F. Kottcamp, campaign director, and to all workers and contributors for their abundance of good will and gifts in the year 1941; also to the Times-Mirror for publicity given so freely, not only to the campaign, but to the work of the Y. W. C. A. throughout the year.

Jameson Wedding For County Couple

Russell, Dec. 3.—Of interest here is a Thanksgiving Day wedding solemnized in Jamestown, N. Y., when Dorothy Bojack, daughter of Mr. and Mrs. Nicholson Bojack, of Pittsfield, became the bride of Carl Atkins, Jr., son of Mr. and Mrs. Carl Atkins, of this place.

The double ring service was read in the United Brethren church by Rev. Norton Warner. Wedding music was provided by the Misses Blanche and Eille Akeley.

With a princess gown of white satin, the bride wore a seed pearl coronet to hold her veil and a diamond-set gold bracelet, heirloom gift of the bridegroom's aunt. Her arm bouquet was of red and white carnations. Miss Jessie Swanson, of Pittsfield, as maid of honor, wore yellow georgette and carried white carnations and yellow pompons. Paul Wade, of Warren, was Mr. Atkins' best man.

A reception followed at the home of Mr. Atkins' sister, Mrs. Harry Baker, here, for guests from Sinclairville, Buffalo, Jamestown, Falconer, Frewsburg, N. Y., North Warren, Warren, Youngsville, Pittsfield and Russell. A three-tiered cake formed a pretty bride's table decoration.

Mrs. Atkins, graduate of the Youngsville High school, is employed at the A&P market in Warren. Mr. Atkins attended the local high school and has employment at the Warren State Hospital. Since December 1 they have been at home in Russell.

Social Events

WILLING WORKERS ELECT OFFICERS

The Willing Workers of the Salem Evangelical church held a business meeting Monday evening to elect officers for the coming year and a Christmas party to entertain the Onward Class. Those who were named to office were: Mrs. Casper Mader, president; Mrs. Carl Jones, vice president; Mrs. Ernest Kaebnick, secretary, and Mrs. Henry Baldensperger, treasurer.

Ivan Rydholm's reappointment as teacher was requested by vote and the following were named to provide flowers for Sunday morning services for the month: December 7, Mrs. John Dahler; 14th, Mrs. Gust Ristau; 21st, Mrs. Paul Schwab; 28th, Mrs. Harry Thompson. It was also voted to pay the balance of \$50 on the \$50 pledge made on Anniversary Sunday.

This was made possible by a collection of \$22.50 on Monday night and fine returns from the magazine club. In charge of the evening's program were Mrs. Melvin Olson, Mrs. John Dahler, Mrs. Fred Goumick, Mrs. Dewey House, Mrs. Cecilia Swanson, with Mrs. Albert Ristau leading devotions. Appropriate games were enjoyed and gifts were exchanged, concluding with a delicious buffet lunch served to the 35 men and women present.

BUFFALO MISSION WORKER TO SPEAK

Miss Pearl Vilhauer, of Buffalo, N. Y., will be guest speaker for the first fall meeting of the Interdenominational Mission Study Group at the First Baptist church on Friday afternoon. The First Methodist church is associating in the program which begins at 2:30 o'clock and to which all persons interested in missions are invited. Miss Vilhauer comes from the American Emmanuel Baptist church of Buffalo, where she is working in an Italian Christian center which stresses proper use of leisure time by young people and children. Her talk should prove very interesting and it is hoped a large audience will greet her.

SILVER WEDDING OF AKELEY COUPLE

A happy silver wedding anniversary celebration was held at "Depression Farm", Akeley R. D. 1, on Friday evening in honor of Myron W. and Hazel Nicholson. Many friends, neighbors and relatives called to extend congratulations and present gifts in remembrance of the occasion.

A wedding ceremony was solemnized, Algot Lundgren acting as minister to renew the vows, and a serenade followed. The Misses Catherine and Phyllis Nicholson, daughters of the couple, served refreshments.

MISSIONARY SOCIETY

The Miriam Missionary Society of St. Paul's Lutheran church will meet Thursday afternoon at 2:30 o'clock at the church. The hostesses will be Mrs. J. F. Anderson, Mrs. Ella Erickson, Mrs. C. B. Graebner and Mrs. O. B. Swanson. It will be the Christmas meeting and members are asked to bring birthday envelopes and "boxes of blessing." Since it is the annual meeting, there will be an election of officers.

Gadget

THIS handsome desk accessory answers a two-fold purpose. The pad is divided into the hours of a business day with plenty of room for notes and telephone numbers. The inside of the cover provides space for HIS or HER photo. The case is of brown or tan leather—gold tooling.

A tough new armor plate only one-quarter of an inch thick, which turns off 30-caliber machine gun bullets without a dent is one of America's newest contributions to the safety of crews of its combat airplanes.

Richard Crooks, the tenor, was a boy soprano in a church choir.

Super Suds washes Everything!

SWITCH TO THIS EXTRA-POWER SOAP FOR WHITER, CLEANER WASHES...

Yet so Gentle it's **RAYON-SAFE!**

MAKES 1/2 MORE SUDS!
SUPER SUDS SOAKS GRIMY CLOTHES SPARKLING WHITE... WITHOUT HARD SCRUBBING!

YET SUPER SUDS IS RAYON SAFE! YES, EXPERTS ACTUALLY RECOMMEND SUPER SUDS FOR ALL YOUR FINEST RAYONS!

RECOMMENDED EVEN FOR SILKS AND WOOLENS! TESTS PROVE YOUR LOVELIEST SILK AND WOOLEN WASHABLES ARE 100% SAFE IN SUPER SUDS!

FABRIC EXPERTS RECOMMEND SUPER SUDS!

Here's How to Wash Rayons, Silks and Wool

1. Test patch in plain water for colorfastness. If color runs, it's not washable. (Test woolens in soapy water.)
2. Wash garments separately, by hand.
3. Use lukewarm suds: Dissolve Super Suds completely in warm water, then add cold water to get lukewarm suds.
4. Do not soak. Wash quickly, gently. Don't rub, wring or twist. Woollens especially shrink from rubbing—avoid excessive handling while wet.
5. Rinse thoroughly, gently, in clean, lukewarm water. Roll in towel, but don't leave there. Never dry woollens in excessive heat or direct rays of sun.
6. Shape garment over ironing board before ironing. Use a moderate iron.
7. Certain types weaves and prints should not be washed. Look for washability guarantee when you buy.

HELPS PREVENT "DISHPAN HANDS" TRY THIS QUICK GREASE-CUTTING SOAP FOR DISHES... SEE HOW SOFT AND SMOOTH HANDS STAY!

KIND TO HANDS... LESS SNEEZY DUST THAN OTHER LEADING BRANDS!

TRY THE NEW SUPER SUDS TODAY

Enjoy all four washing advantages you get with extra-power plus proved washing safety. Made by Colgate-Palmolive-Peet Company, makers of fine soaps for 135 years.

JUST THINK OF THE ADVANTAGES of a soap with extra power to give whiter, cleaner washes—yet so gentle it's recommended for your fine fabrics, too! JUST LOOK AT THE SUDS... 1/2 more suds, cup for cup, than the average of 8 popular brands tested! That means Super Suds has the punch to get your family wash dazzling white, color bright... truly, a wash you'll be proud to hang on the line. RAYON EXPERTS RECOMMEND Super Suds for all your dainty rayon washables, too! Astonishing? Yes... but Better Fabrics' Testing Bureau has proved Super Suds is not merely safe—it's Rayon-Safe.

SILKS AND WOOLENS, TOO? YOU BET! All your finer things are as safe in Super Suds as they are in water itself. That really makes Super Suds the All-Purpose Soap, because now it can do your entire wash—perfectly! KIND TO HANDS! That's right... Super Suds gets your dinner dishes sparkling in a jiffy, but you can be sure your hands are safe, too! Super Suds leaves 'em soft and smooth!

GET SUPER SUDS today! Start now to enjoy this whiter, cleaner washing laundry soap that's Rayon-Safe! Combining power with safety—so it washes everything.

Soose and Cupid Win Hand of Peggy Unger

East Greenville, Pa., Dec. 3.—(P)—The most important match of young Billy Soose's life is going to be announced here.

The 23-year-old former Penn State amateur boxing star who recently relinquished the world's middleweight crown, has won the hand of pretty Margaret Unger, 19-year-old South College student.

Mrs. E. D. Unger says the engagement will be announced soon "but I don't want to say anything until I talk to egg. She's coming home for Christmas December 19."

At Northampton, Mass., Peggy said she and the Farrell, Pa., fighter met two summers ago at Lake Wallenpaupack, Pa., where Soose maintains a camp and the Unger's a summer home. The friendship between the athletic young college girl and the man in training soon grew into a romance.

Soose, who left Penn State in his senior year, gave up his senior year because he had difficulty in making the weight. He intends to enter the heavyweight bracket.

Virgil (Spud) Davis To Coach Pirate

Pittsburgh, Dec. 3.—(P)—The Pittsburgh Pirates announced today that Virgil (Spud) Davis, veteran catcher who was released on conditionally on Oct. 2, has been signed as a coach for next season.

Davis, whose home is in Birmingham, Ala., will fill a vacancy in the coaching staff left by the release Oct. 15 of Bernard (Mike) Melly.

All-Stars, Dragons Win in Hi-Y League

In the second week of play in the Jr. Hi-Y basketball league at the "Y," the All-Stars whipped the Torchers 22 to 17 and the Dragons beat the Crushers 16 to 4, in games played yesterday afternoon on the "Y" court.

Krespan, Hamilton and Anderson led the way for the All-Stars as they took an early lead in defeating the Torchers. Each of these players collected six points.

Holding the Crushers scoreless throughout the second half, and limiting them to only two field goals during the first, the Dragons had an easy time with their enemy, paced by Tomason with nine points and Simmons with eight.

Games in this circuit are played each Tuesday afternoon following dismissal from school.

PATTERSONS EDGE PHALANX BY 30-26; WHITE HORSES IN WIN

Revised Week's Card
For Class A Loop
Dec. 4—O Connors vs. Pattersons.
Dec. 5—Rock Cleaners vs. Pattersons.

The above schedule was made today and a complete first half schedule will be printed, starting with next week's program, omitting one class A entry, the Merchants, who were forced to withdraw due to an injury to one of their players. The remaining players on that team have been assigned to the other teams of the circuit to carry on.

The Pattersons and White Horses claimed victories last night in the Y. M. C. A. Class A and B leagues with thrilling triumphs over their respective opponents, the Phalanx and the All-Stars.

The Pattersons, rated as Warren's leading independent cage quintet, were forced to come from behind in the final chapter of their contest with the Phalanx to take out a 30-26 win, for their first win in their initial start in the class A loop.

Ken Christiansen and "Red" Tucker led the winners with 10 and 12 points respectively, while Bud Berry and Dick Duscillo collected seven apiece for the Phalanx, a much improved team from last year, while a new addition to the team, Bob "Whitney" Jewell, dropped four field goals to pace the attack with eight points.

In the class B encounter, a strong start and finish enabled the White Horses, with Jack Miller outstanding in scoring 17 points, to topple the All-Stars, who were led by Jack Kifer with 14 points. The White Horses scored 11

Quickies ... Golden Ball info has arrived around which publicity will be built for the Warren-Oil City high school cage opener on Beatty court December 12. Should be quite an affair, because who, in the first place, could combine to make a more colorful game than the two Blue and White squads? ... Then, too, Warren is very fortunate in having one of the members of the nation's first basketball team as a resident of this community for many years, L. W. Archibald. ... As we understand it now, he'll be honored that night by the schoolboys and the town, in a gala affair which is expected to be the biggest basketball promotion to be staged in Warren since the days of the Warren Penns National Pro League entry a few years back. ... Notre Dame's brilliant extends farther than from end to end on the gridiron. Over half of the 43 members of the freshman squad this year were honor students in high school. ... Edgar (Special Delivery) Jones, the U. of Pittsburgh standout who missed most of the All-America teams, though we can't see why, finally managed to gain a rating on the first team of the Pennsylvania state all-star eleven, at least. ... And we'd like to tip that Uncle Sam's postal department ought to draft Edgar for a mailman's post because he gets around his route so quickly. ... Don't Eagles may be coming to town before you know it, and a lot of local fans would cherish an opportunity to see the world champions.

Chrysler is putting more dollars in—so you can take more miles out!

WANT A CAR that's "all set" for the emergency? Then come in and look at the longest-lived Chrysler ever built!

You'll find more quality than ever! More Amola steel... more Oilitite metals... more Superfinished parts than in any previous Chrysler!

The government is giving Chrysler the closest cooperation in order that the highest standard of quality may be maintained on both motor car and defense production.

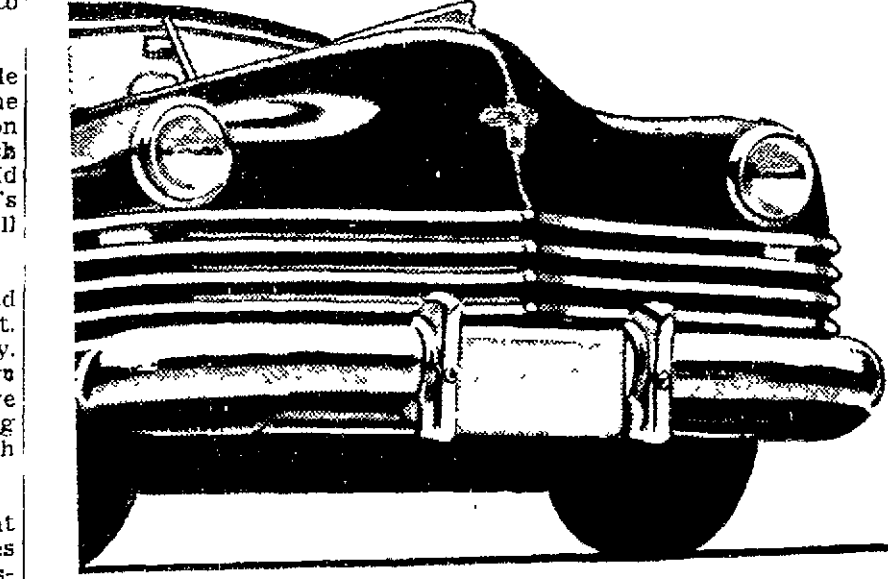

WHY SHIFT GEARS?

When you decide on a new car today, just ask yourself, "Do I want to go on pushing clutches and hauling gear levers for another X number of years?"

Why not join some 300,000 other motorists who are enjoying the ease of Chrysler Fluid Drive?

Especially when Fluid Drive and Vacumatic transmission also actually add to the life of the car!

Come in and let us show you how Chrysler is putting more dollars in, so you can take more miles out!

The Longest-Lived Engine Chrysler has ever built!

Chrysler's new Spitfire engines are deliberately designed for the needs of today. Greater use of Superfinished bearing surfaces, more Oilitite metals, more Amola steel—for longer life and greater efficiency. New manifold design gives more power from every gallon.

20 GREAT ADVANCEMENTS!

- Fluid Drive • Vacumatic Transmission • Amola Steel • Superfinish • Oilitite Metals • High Efficiency Spitfire Engine • Safeguard Wheels • Airflow Principle of Design • Tailoring to Taste • Scientific Weight Distribution • Rust Proofed Body, Fenders and Sheet Metal Parts • Synchronized Spring Action • Safety Signal Speedometer • Air Scoop Cooling • Floating Type Air Intake • Hydraulic Ride Stabilizer • Airplane Type Shock Absorbers • Rubber Insulated Body Mountings • Double Channel Chassis Frame • Oil Bath Air Cleaner

FLUID DRIVE AND VACAMATIC TRANSMISSION GET MODERN DESIGN

Reply To Pres. Awaited

(From Page One)
about a truce that could save Thailand from becoming a battleground.
Since the president's question calls for a forthright explanation of Japan's immediate intentions, informed diplomatic quarters here believe that it will bring the Pacific crisis to a head within the week.

The question, described by Mr. Roosevelt himself as a simple question which he expected Tokyo to answer promptly, was presented to them by Undersecretary of State Sumner Wells at a conference yesterday.
President Roosevelt's public intervention brought no break in the existing tension and officials here generally considered the situation in the Pacific one of undiminished gravity.

Admiral Kichisaburo Nomura and Saburo Kurosu, the Japanese envoys, dispatched the White House request for information of Tokyo immediately after it was presented to them by Undersecretary of State Sumner Wells at a conference yesterday.

President Roosevelt's public intervention brought no break in the existing tension and officials here generally considered the situation in the Pacific one of undiminished gravity.

Assistant Secretary of Navy Ralph A. Bard, in an address last night at Norfolk, Va., said "the Pacific is like a tinderbox—waiting for a spark that will explode all over the eastern quarter of the globe."

The navy, he said, is not underestimating Japan's power and "in the regrettable event of trouble in the Pacific that trouble will not be a minor one."

Semi-official comment in Tokyo continued disquieting. The government-dominated press heaped on the charge that the ABCD powers—American, British, Chinese and Dutch—are mustering their strength in the south Pacific to thwart Japanese aspirations.

The Tokyo radio hinted broadly continued disquieting. The government-dominated press heaped on the charge that the ABCD powers—American, British, Chinese and Dutch—are mustering their strength in the south Pacific to thwart Japanese aspirations.

The third type answer would be based on the charge that Japanese interests were being menaced by Britain's concentration of troops in Burma and Malaya along the Thailand border, and the recent arrival of British naval reinforcements in nearby waters.

F. E. REDDING, Wgolworth Bldg., Warren, Ph. 2138-J

that Nazi Germany is taking a hand in the situation. The conversations Monday between Marshal Petain and Reichsmarshal Goering had "further cemented" Japan's position in French Indo-China, the broadcast reported, adding:
"Japan must have complete freedom of movement in French Indo-China in order to counter various threats against her from the north and from the south."

Whether such press and radio pronouncement fore-shadowed the final Japanese decision was a matter of conjecture, but it was believed here that President Roosevelt's question might elicit the Tokyo government's formal response to Secretary Hull's note setting forth the United States' basic peace formula.

As to the specific question Mr. Roosevelt raised regarding French Indo-China, authoritative sources here said Japan's answer apparently would have to fall into one of three categories.

A meaningless, evasive reply or one rejecting the right of the United States to make such an inquiry, it was stated, presumably would push the present crisis to a breaking point.

A restatement of Japan's claim to Indo-China as an element in the "new order of Asia" might result in renewed discussions on that particular subject. Such a renewal would give Japan an opportunity to seek economic concessions from the United States and the ABCD powers in return for withdrawal of military forces from the French colony.

The third type answer would be based on the charge that Japanese interests were being menaced by Britain's concentration of troops in Burma and Malaya along the Thailand border, and the recent arrival of British naval reinforcements in nearby waters.

7,000 PRISONERS
Alexandria, Egypt, Dec. 3.—(A.P.)—Seven thousand Axis prisoners, captured on the Libyan desert, many of them German fliers, arrived here today and were transported to internment camps. They came on warships, in truck convoys and aboard a 14-coach train.

YOUTH ENDS LIFE BY INHALING GAS FUMES
Pittsburgh, Dec. 3.—(A.P.)—Leaving notes to his father and a girl and a receipt for a diamond ring, 20-year-old Charles William Imhoff ended his life by inhaling carbon monoxide fumes, Chief Deputy Coroner J. S. Aldisert reported today.
Imhoff's body was found slumped in the family automobile in a fume-filled Mt. Washington garage by Edward T. Hutton, from whom the stall was rented.
Relatives said the victim drove to Marienville, Monday to deliver a gun to his father, Walter B. Imhoff, who is on a hunting trip and that he was to have returned to the hunting camp today to inform his father of the death of an uncle. Charles was to drive his father to Connellsville for the funeral, relatives said.

Huge New Fund for Defense Red Armies Report Germans Retreating in Key Sectors

(From Page One)
American ground forces are not involved in war. "Many of the tanks for the production of which funds are requested might well be diverted in order to assist the Russian army to remain on its feet."

"That would be my urgent advice," he added.
In addition to \$6,687,369.04 for the war department and lend-lease the bill carried \$1,129,870,000 in cash and contractual authority for the navy, including \$449,720,000 for 2,020 additional airplanes and \$120,000,000 for gun mounts, ammunition storage and other items in connection with the proposed arming of about 1,000 American merchant ships, and \$280,000,000 for about 400 patrol and mine-laying vessels.

Apart from its strictly military funds, the bill also carried \$87,179,000 for purposes indirectly related to defense, chiefly new or improved power projects; \$37,500,000 for foreign war relief and foreign property control and \$8,711,333 to carry out non-defense activities authorized in several new laws.

The army's share of the total included funds to boost its enlisted strength to 1,840,934, an increase of 277,026 men, and for 27,805 more commissioned officers and 3,765 additional warrant officers.

Marshall disclosed during his testimony on the bill that while congress had appropriated money for approximately 25,800 combat planes for the army, the air arm is operating with only about 3,600 such planes. Informed sources said that indicated the tremendous number of planes being sent abroad.

A British spokesman said today's bill in the campaign followed "a ding-dong battle with attack and counter-attack by both sides" yesterday in the bloody Rezegh area.

In the Far East, events appeared to be moving rapidly toward a showdown.
Washington official circles viewed with undiminished gravity the situation in the Pacific, characterized by Assistant Secretary of the Navy Ralph A. Bard as a "tinderbox waiting for a spark that will explode all over the eastern quarter of the globe."

Advices from Shanghai said that Japanese troops were continuing to concentrate in that area, apparently awaiting transports to take them southward to the Yangtze River.

All British and Dutch shipping, meanwhile, was withdrawing southward from the China coast. In Tokyo, sections of the Japanese press accused Britain anew of planning to invade Thailand and charged the United States with aiding the strengthening of an anti-Japanese front by delaying the talks in Washington.

Federation of the World Predicted By Ford As Result Of Present War
(From Page One)
think the time has come when we have the right to demand something in return and the only repayment the United States can ask or accept is something that insures peace and prosperity to the world."

PLAN MEMORIAL SERVICE OF ELK LODGE SUNDAY

At the regular meeting of Warren Lodge, No. 223, B. P. O. Elks, held last evening in the lodge home, Hickory street, plans were completed for the annual memorial service of the organization, to be held next Sunday afternoon at three o'clock.

The speaker for this year's service will be the Rev. J. A. Davidson, pastor of the First Baptist church.

Special music will be a feature of the program, with Miss Bonnie Joanne Johnson and Clayton Sanden as vocalists. Violin selections will be presented by Miss Patty Smith.

The annual memorial service will pay tribute to all those who have died during the past year. Warren Lodge has lost eight members by death since the last lodge of sorrow.

The general public is invited to attend the memorial day services and a special invitation is extended to families of deceased members of the lodge.

Following last evening's meeting, a special hot lunch was served by the house committee.

4729 ALL-YEAR-ROUND SHIRT-WAIST

PATTERN 4729 by ANNE ADAMS

Here's a thrifty frock that you can wear from one season into another and always be fashionably dressed! Pattern 4729 is a hardy perennial shirtwaister designed to make you slim. The bias panels in both the front and back of the skirt have the eye-deceiving value of minimizing a large hipline. The pockets are bias too, and come in two different shapes, both trimmed with buttons. You'll like the way the darts at the shoulders and waist let out just enough fullness over the bust. Hasn't the collar an unusual shape—accent it if you like, by using contrast fabric. You can also choose between a short tucked sleeve and a long full shirtmaker sleeve... a Sewing Instructor is included.

Pattern 4729 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 4½ yards 35 inch fabric.

Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER. If you want to join the midseason whirl with a new wardrobe, order your Anne Adams Pattern Book today! Brimful of ideas, it's a colorful fashion success-story, with afternoon and after-dark glamour wear, with north and southbound sportsters, with distinctive budgeter styles for brides, career girls, housewives and the younger generation. Smart accessories tips too—and a special gift for you in a Free Hat and Bag Pattern! BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Send your order to Warren Times-Mirror, Pattern Department, 242 West 17th St., New York, N. Y.

M'Graw Successor Will Take Charge

(From Page Ten)
The surprise change in the Giant set-up, which broke on the eve of the 40th convention of the National Association of Baseball Leagues, cost Terry a sizable cut in salary. The former first baseman, who succeeded the late John McGraw in 1932, had been receiving \$42,000 a year. His new salary was not disclosed, but was understood to be approximately \$30,000. Terry's former contract, which had another year to run, was cancelled.

Only one major deal was made in two days of preliminary dickering—the Cardinals' sale of Pittsburgh Pirates for a bad of greenback reported to approximate \$50,000.

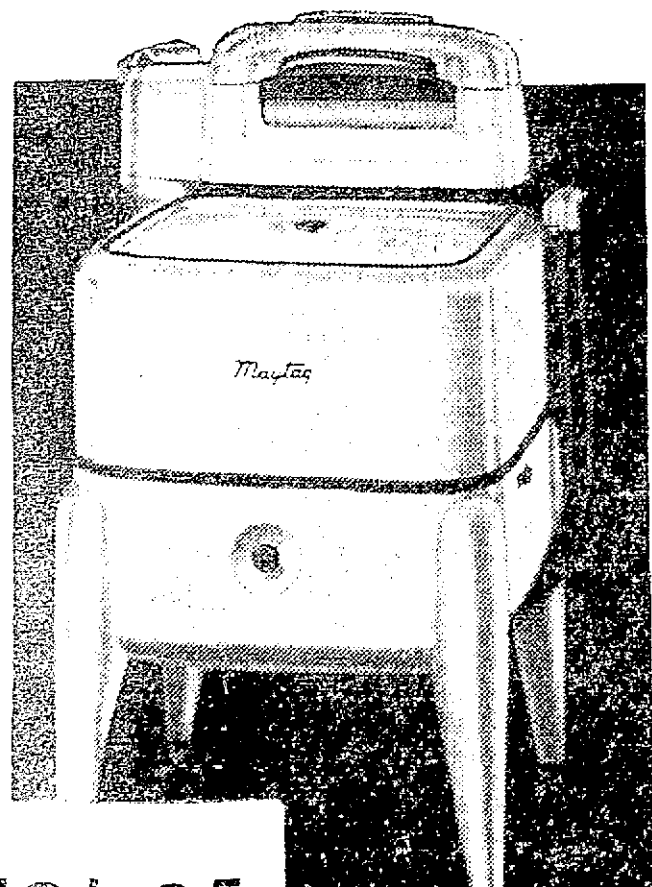

A Small Deposit Will Hold These Gifts for You Until Christmas!

The Way to Mother's Heart An IRONER

No more standing and ironing for hours with this new Westinghouse "New Rocker Action" Ironer. Mother will be thrilled at your consideration in buying her something to make her workdays—playdays. She can iron on both ends of the roll at once, so that she can do up a tablecloth without folding. This means ceaseless ironing. Buy it today—on our PLAN OF EASY PAYMENTS.

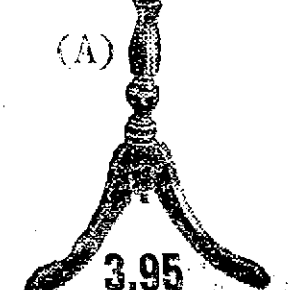

Wash Days Are Easy Days With A MAYTAG

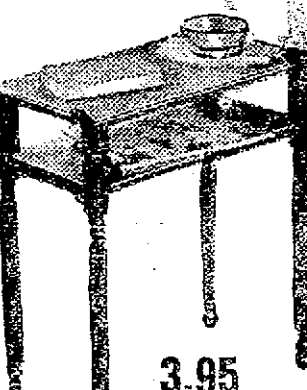

No more blue Mondays with a Maytag Washer in the home. The famous square tub Maytag design now in a one-piece porcelain tub washer! The finest porcelain tub washer on the market—big, beautiful—and the first one-piece porcelain tub to be successfully fashioned in the famous MAYTAG square design. Give one to your wife—she will appreciate your thoughtfulness. And use our plan of Easy Payments.
